The Honorable  
John A. McCone  
Director, Central Intelligence Agency  
Washington 25, D.C.

Dear Mr. McCone:

It is a pleasure to write this letter in behalf  
of [redacted]  
STAT  
who has filed an application with your Agency for employment.  
I am enclosing herewith a description of his background and  
experience.

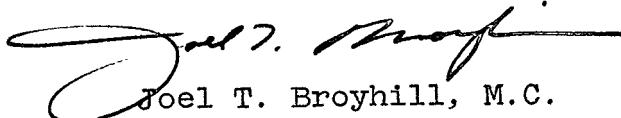

STAT [redacted] is presently employed by the General Accounting Office with 21 years of government service to his credit. However, I understand all of his work was turned over to the General Services Administration last December and transferred to Pennsylvania. While he was offered employment by GSA in Pennsylvania, it was not satisfactory for him to leave the area. He is still working with the GAO but feels he might lose his position as a result of downgrading in the near future.

I would like to take this opportunity to express my personal interest in behalf of [redacted] I will greatly appreciate it if you would have the proper official of your organization review his application and arrange an interview for him in order that he might further present his qualifications and learn of his prospects of securing employment.

STAT

Thanking you for your cooperation in this matter,  
and with best wishes, I am

Sincerely,

Honorable Harry F. Byrd  
United States Senate  
Washington 25, D. C.

Dear Senator Byrd:

STAT

Thank you for your letter of 4 April concerning [redacted] STAT  
[redacted] an employee of this Agency.

STAT

[redacted] has been advised that he is surplus to our need for personnel in his career field and that his employment with the Agency may therefore be terminated in the next few months. This action was taken under a manpower control program established over a year ago and some thirty employees have been released from the Agency under similar circumstances during the past year. In the case of [redacted] as well as in the cases of all other employees who have received similar notifications, every effort has been made to place them in other career fields in the Agency. Before final termination is effected, additional attempts at reassignment will be made in the light of circumstances then prevailing.

STAT

I would like to emphasize that employees released under this program are not being separated for poor performance or for misconduct or as security risks and they will be assisted by the Agency in seeking other employment.

STAT

If [redacted] should be terminated as a result of our current action, he would be eligible for immediate discontinued service retirement. His estimated annuity in this event is \$5,644. In addition, [redacted] will be eligible for separation compensation benefits related to termination under the manpower control program mentioned above. The actual amount which he will receive will

depend on whether or not he obtains other employment and the salary level of such employment; the maximum separation compensation which he could be paid is \$10,416.

Your inquiry on behalf of [redacted] is appreciated and I hope that the information provided herein answers your questions concerning his status.
